

App metrics

On this page

[What data is collected?](#) | [Activating and deactivating the feature](#) | [Take a look at the data we are collecting](#)

Since Space Admin version 2.3.7 we are collecting **anonymized usage statistics** about Space Admin for our **internal use only**. It will help us **improve the product and provide you with new features**.

What data is collected?

We do not collect any personal or user information, nor do we have any information about your explicit configurations!

For example, we do not collect any JQL's, text or numbers that you may have entered into any part of our application.

The only information we collect is the fact that you are in use of the feature and the frequency of use.

There is also no collection of data from third party applications!

We collect the following data:

- Your SEN used for Space Admin
- Which application features you use. Any of the following:
 - Space Admin Browser
 - Page visits
 - Amount of executions for each action
 - Sidebar drag and drop
 - Amount of execution
 - Feature is disabled, enabled or enabled with shift key
 - Space Shuttle
 - Enabled or disabled
 - Amount of created categories
 - Amount of sub-categories
 - Amount of items in each category
 - Attachment cleanup service
 - Job configurations (enabled, spaces, pages, attachments, mode)
 - Permission browser
 - Amount of executions to check a user
 - Amount of executions to check a group
 - Amount of executions to copy permissions to a user
 - Amount of executions to copy permissions to a group

Activating and deactivating the feature

This feature is enabled by default. However, you can easily disable it by going to the Space Admin configuration page.

Confluence administration

- SPACE ADMIN
 - Attachment cleanup service
 - Permissions Browser
 - Space Admin Browser
 - Space Admin Settings**
 - Space Shuttle Configuration
- CONFIGURATION
 - Backup Administration
 - Clean up
 - Configure Code Macro
 - External Gadgets
 - Further Configuration
 - General Configuration
 - Global Templates and Blueprints
 - In-app Notifications
 - Languages
 - Mail Servers
 - Office Connector
 - PDF Export Language Support
 - Recommended Updates
 - Email
 - Retention rules
 - Shortcut Links
 - Spam Prevention
 - User Macros
 - WebDAV Configuration

Configuration

Permissions

1 Configure the permission to use Space Admin. The App itself also takes care of the default permissions in Confluence. If no selection is made, everyone can use all the functions of Space Admin, regarding global and space permissions.

Space ☐ Allow Space Administrators the usage of the Space Admin App functions

Groups [Choose groups](#)

Choose groups to grant usage of the Space Admin functions

Users Choose users

Choose users to grant usage of the Space Admin functions

[View settings](#)

Enable default view settings ☐ **Enable detail view by default**
Enable this option to see blogposts, trash, attachments, comments etc. by default in the Space Admin Browser

☐ Show dots in the Space Admin Browser☐ Show stripes in Space Admin Browser

Page tree settings

Drag and drop sorting

Analytics

Analytics collects anonymous usage statistics about SpaceAdmin and sends it to Decadis AG for our internal use only. It will help us improve the product and provide you with new features.

☒ Allow Decadis AG to collect usage data to improve SpaceAdmin. ([Preview](#))

Save Cancel

Take a look at the data we are collecting

By clicking the Preview link next to the toggle to turn the app metrics on and off, you can easily see what data we collect in detail.

The data will look something like the example below:

Sample data

```
{
  "spaceAdmin": {
    "attachmentCleanup": [],
    "permissionsBrowser": {
      "userCheck": 0,
      "groupCheck": 0,
      "userCopy": 0,
      "groupCopy": 0
