Analyze marketing spend by campaign and platform

Use case

If you want to **track project budgets by department and status**, you can quickly configure a **Two dimensional widget** to show these metrics with sumUp for monday.com.

Configuration

1. Add the **Two dimensional widget** to your dashboard via **+ Add widget > Apps > Installed Apps**.
2. Select your **budget** column under **Which column do you want to display?**
3. Select your **department** column unter **How to group items on x-axis?**
4. Select your **status** column unter **How to group items on y-axis?**
5. Optionally configure **Additional options** to control the **number of rows** per page and the **number of minutes** between widget **updates** .
