

Time left until due date

Use case

Return the **duration between the current date and the due date** of the current issue in days.

Expression

Create and configure a **Smart field** using this expression in **General** mode:

```
#{issue.dueDate} != null ? max({issue.dueDate} - {system.currentTimeMillis}, 0) / DAY : null}
```

If the resulting number from the expression contains too many decimal numbers, feel free to select one of the available [display formats](#) or to configure it manually.

Used parser functions

- [max\(numbers\)](#)
