

Space Admin for Confluence Release Notes 2.1.0

Release date	22 Feb 2019	
Release type	FEATURES	IMPROVEMENTS
Highlights	New features and bug fixes	

Compatibility

- Compatibility with Confluence versions below 6.1.0

New features

- Allow non-space links in Space Shuttle
- Copy one page into multiple spaces

Improvements

- Minimize the number of REST calls to the server when checking space permissions

Bug fixes

- "Convert to page" action was not working anymore
- Page template was broken when copied from another space
- Links on copied pages were sometimes either broken or not relative to the new space
