[Activity for Jira Release Notes 2.2.4](#)
Decadis AG posted on Aug 14, 2018
[Direct download from Marketplace](#)

Bug fixes

- If global settings have been configured by the administrator "Use global settings" checkbox might appear to be unchecked under certain circumstances.
- Filters of type "Filter" used in combination with the operation "IS NOT" were not showing notifications.

Bug fixes

- Deleting a user from Jira resets the configuration of the Global Default Settings.
- The badge indicating missed notifications is not visible under certain circumstances (look and feel configuration).
