# xCharts Release Notes 1.6.1

| Release date | 18 Jun 2019 |
|---|---|
| Release type | MAINTENANCE |
| Highlights | |

## Improvements

- Setting the **background color** now affects the whole graph.

## Bug fixes

- Superfluous white space removed below **table charts** when used in gadgets.
- Scripted charts could get broken after updating to **xCharts  1.6.0** when using the method **getResolvedValue()**.
