

xCharts Release Notes 1.6.1

Release date	18 Jun 2019
Release type	MAINTENANCE
Highlights	

Improvements

- Setting the **background color** now affects the whole graph.

Bug fixes

- Superfluous white space removed below **table charts** when used in gadgets.
- Scripted charts could get broken after updating to **xCharts 1.6.0** when using the method **getResolvedValue()**.
