

Result screenshots post-function "Create issues and sub-tasks" - Create 3 stories on transition

Result Example of [Make Epic issues create automatically 3 Stories when executing a certain transition](#)

Existing epic issue

The screenshot shows a Jira issue page for an Epic titled "Building an Online Store" (SP-6) under the "SCRUM Project". The issue is in the "IN PROGRESS" status. The page layout includes a left sidebar with navigation icons, a top action bar with buttons like "Edit", "Comment", "Assign", "More", "Stop Progress", "Resolve Issue", "Close Issue", and "Admin". The main content area is divided into several sections:

- Details:** Type: Epic, Priority: Major, Component/s: None, Labels: net, products, sales, Environment: Linux / Tomcat 8 / J2EE 1.8, Epic Name: Online Store. Status: IN PROGRESS (View Workflow), Resolution: Unresolved.
- Description:** Description of the Epic.
- Attachments:** A dashed box with a cloud icon and the text "Drop files to attach, or browse."
- Issues in Epic:** A list of three sub-tasks:
 - SP-25 GUI Design (IN PROGRESS) Salvador Dali (GUI Designer)
 - SP-26 Business Logic (IN PROGRESS) Kurt Gödel (Logic Analyst)
 - SP-27 Data Model (IN PROGRESS) John Neuman (Data Architect)
- Activity:** Tabs for All, Comments, Work Log, History, Activity, and Transitions. A "Conditions Validator" button is present. Below the tabs, it says "There are no comments yet on this issue." and a "Comment" button.
- People:** Assignee: Fidel, Reporter: Fidel, Votes: 0, Watchers: 1 (Stop watching this issue).
- Dates:** Due: 18/Aug/17, Created: 5 hours ago, Updated: 2 minutes ago.
- Agile:** A section header.
- HipChat discussions:** A section with the text "Do you want to discuss this issue? Connect to HipChat." and buttons for "Connect" and "Dismiss".
