

JWT Release Notes 2.1.37

[2015-10-28] Released **Jira Workflow Toolbox 2.1.37**

This version is released for fixing a quite important bug for users that are still using Jira with versions **5.0** to **6.2.2**.

Bug Fixes

- **Issue #178**: Parent issue not being reindexed after being updated after having written a "*Parent's...*" virtual field.
