JWT Release Notes 2.1.35

[2015-09-08] **Released Jira Workflow Toolbox 2.1.35**

Improvements

- Performance improvements in virtual fields "**Issue status (delayed writing)**" and "**Execute transition (delayed execution)**".

Bug fixes

- **HOT FIX**: Issues #162, #169, #170: Virtual fields "**Issue status (delayed writing)**" and "**Execute transition (delayed execution)**". This problem was introduced in version **2.1.33** and also is present in version **2.1.34**.

It's **HIGHLY RECOMMENDED TO UPDATE** from versions **2.1.33** and **2.1.34** to version **2.1.35**.
