	Current assignee						Yes/No
	Reporter						Yes/No
	Current user						Yes/No
	Project Lead						Yes/No
	Component Lead						Yes/No
	All watchers						Yes/No

Notification schemes

Notification schemes can be filtered by **name** or **project**. (See the [table](#) above).

Notification Schemes?

The table below shows the notification schemes currently configured for this server

Name ▾

Projects ▾

1

ID	Name	Projects	Actions	
10000	Default Notification Scheme	<ul style="list-style-type: none">Android AppDevelopmentEmployee OnboardingFinance Purchasing RequestsFinance Service DeskPortfolio ManagementSumUp ProjectTeam Travel WebTeams in SpaceTravel Service DeskiOS App	Notifications Edit	Copy Delete

Add notification scheme

Editing a notification scheme does not have a filter function. This will be made available in a future release.

Editing notification schemes

When editing a notification scheme, it can be filtered by options shown in the [table](#) above.

Edit Notifications — Default Notification Scheme

Notification Helper

USED BY 22 PROJECTS

On this page you can edit the notifications for the "Default Notification Scheme" notification scheme.

- Add notification
- View all notification schemes
