Bug fixes

- Certain post functions are either **not displaying correctly or are not editable** after adding them initially. Affected post functions:

  - Add or disable option in Cascading Select field
  - Add or disable option in Select List, Radio Button, Multi-Select List or Checkbox field
  - Copy or add custom field value to issue description
  - Log work
  - Parse field for extracting data
  - Set or create a user property
  - Copy Cascading Select field
  - Cascading select comparer
