

Botron's Issue Matrix

On this page

[Enable/ disable the calculation row](#) | [Permanent calculation](#)

SINCE VERSION 3.5.0

Since **sumUp 3.5.0** it is possible to use sumUp within your **Issue Matrix custom fields!**

sumUp has to be **manually activated** for Issue Matrix in the [global settings!](#)

The screenshot shows the DECADIS APPS interface for the 'Release iOS Beta' issue matrix. The main content area displays the 'Issue Matrix Field' with a table of tasks and a calculation row at the bottom. The table has columns for 'T', 'Key', 'Summary', 'Status', and 'Story Points'. The tasks are listed in descending order of story points. The calculation row at the bottom shows a total of 58.00 SP.

T	Key	Summary	Status	Story Points
10	IOS-10	Trip management frontend framework	TO DO	8
8	IOS-8	Blocker - App Basics (unknowns)	TO DO	12
7	IOS-7	As a user i can manage my profile	TO DO	5
6	IOS-6	As a user i can create a custom user account and login	TO DO	8
5	IOS-5	As a user i can log into the system via Google	TO DO	5
4	IOS-4	Establish basic app dev framework	TO DO	10
3	IOS-3	Setup dev and and build environment	TO DO	5
2	IOS-2	As a user i can log into the system via Facebook	DONE	5
Σ				58.00 SP

Enable/ disable the calculation row

The calculation row can be activated in the **upper right corner** of the Issue Matrix field:

If **sumUp is not configured** or activated for the board, the **buttons won't be displayed!**

In this case, please check the configuration like described above or check that sumUp is activated for Jira Software **and** the board of interest within [sumUp's global settings](#). Per default, sumUp is **available** for newly created issue matrix custom fields.

Permanent calculation

If the **permanent calculation is not activated**, the **calculation** will be **disabled** every time the page or the Issue Matrix field reloads.

To **keep the calculation activated** after page/issue matrix field reloads, the **permanent calculation** can be activated by hitting the lock button next to the toggle button in the upper right corner.

If you still have questions, feel free to refer to our [support](#) team.
