Add assignee as watcher to every blocking issue

Use case

In the following use case, every time an **issue with blocking issues is created** the **assignee** of the created issue will be added as **watcher to those blocking issues**.
⚙ Configuration

1 Add the Update linked issue or sub-task post function to the desired transition or create a new transition.

> You might want to add the post function to the **create transition** of the workflow so that the post function gets executed every time a new issue created.

2 **Fields**

> **1** Click on **Add field.**
>
> Choose **New watchers**

> **2** **Value**
>
> Choose **Copy field value from current issue**

> **3** **Field**
>
> Choose **Assignee**

3 **Filter**

> Update the filter according to your needs.

> **1** **Filter by link type**

Choose **is blocked by**
