Only users in a project role can execute a transition

On this page

Use case

In the following use case the transition will only be displayed, if the current user is in project role **Admin istrators**.

⚙ Configuration

1 Add the condition to the desired transition or create a new transition.

2 **Source field**

Choose **Current issue**

3 **Mode**

Choose **All users are at least in one of the selected project roles**

4 **Project role**

Choose **Administrators**

Select the project roles according to your needs.

The following parameters are **only available**, if you are configuring this use case as a **validator**.

Validator only

1 **Error message**

Enter the following message in **basic text** mode:

```
You need to be in project role "Administrators" in order to execute this transition.
```
