

# Shortcuts

Pressing **b** while viewing a page opens the Space Admin Browser for the current space expanded to the current page.

Versions before [1.4.2](#) use the **ad** shortcut.

Type	Key	Action
General	Ctrl + A	Select all visible elements in the Space Admin browser
	Del	Delete selected entities (spaces, pages, attachment version, comment, and/or posts)
	Esc	Select nothing; deselect everything
	I	Create a new page as a child of the selected space or page
Space Admin Browser for spaces and pages	F2	Rename a page or space
	A	Copy a page or space
	P	View, edit, or compare Permissions of a space or spaces
Pages, attachments, comments, and blog posts	M	Move item to another place
	H	Set a new Homepage
	L	Open the label editor to work on labels
	V	Get a preview of the selected item
	D	Compare two pages
