Insight - Asset Management

Insight - Asset Management is an app that allows you to manage all your assets directly within Jira.

sumUp supports Insight fields in gadgets so that e.g. grouping can be easily done.

The app is developed and maintained by Atlassian.

Prerequesites

- sumUp for Jira Cloud must be installed
- Insight must be installed

Using Insight fields in dashboard gadgets

Once Insight custom fields are configured, they can be added to our **gadgets** to display all relevant data or to be used for grouping.
