> The assigned schemes are no longer displayed in text, they are summarized in a number. Just click on the **cogwheel** and select **Smart view**.

If you click on the number, all related schemes are shown in a new window. From this window you can switch directly to the workflow scheme.

DEC: Process Management Workflow

| ID	Workflow schemes
10200	JIRA Service Desk IT Support Workflow Scheme generated for Project SIS
11102	JIRA Service Desk IT Support Workflow Scheme generated for Project OS

Workflow Schemes

Workflow schemes are displayed as active / inactive. You can filter them by Name, Projects, Issue type, and Workflow. (See the table above).

Workflow schemes

?

Workflow Schemes allow you to define which workflows apply to given issue types and projects.

Active Inactive

| Name ▾ | Projects ▾ | Issue types ▾ | Workflows ▾ | | | 22 | ⋘ | ⚙ |

ID	Name	Projects	Issue Type		Workflow	Actions	
11502	**ADR: Software Simplified Workflow Scheme** Generated by JIRA Software version 7.0.11. This workflow scheme is managed internally by JIRA Software. Do not manually modify this workflow scheme.	• Android App	⬚ Unassigned Types	→	Software Simplified Workflow for Project ADR	Edit	Copy
11700	**DEV: Software Simplified Workflow Scheme** Generated by JIRA Software version 7.13.0-DAILY20180924115437. This workflow scheme is managed internally by Jira Software. Do not manually modify this workflow scheme.	• Development	⬚ Unassigned Types	→	Software Simplified Workflow for Project DEV	Edit	Copy
