

# Install Timesheet Check

Install **Timesheet Check** directly from your Jira Cloud site.

You need to be a Jira administrator to install apps!

1

Click on the **cog** icon on the top right bar and under **Jira settings** select **Apps**.

---

2

The Atlassian Marketplace page will be displayed, in the search bar, type in **Timesheet Check**

---

3

The app will appear on the list, select it and start your free trial!

---

4

Follow the [first steps](#) to get started!

---

---

If you still have questions, feel free to refer to our [support](#) team.
