

_snip_bulk_page_actions

Many of the actions you can perform on individual **pages** as **bulk actions**.

Simply browse to the [space navigator](#) and **select** multiple pages as if you were selecting multiple files in a file explorer.

- **Windows users:** hold the **CTRL** key and select the entities or select an entity and hold the **shift** key for faster multiple selections
- **Mac users:** hold the **command (cmd)** key and select the desired entities.

After selecting the pages, right-click on one of the selected items and you will see all available bulk actions.

Select a **single** page and **hold the shift key** while selecting another page for a quicker selection of all pages in between.
