

Install Last Log for Jira

Install **Last Log for Jira** directly from your Jira instance.

You need to be a Jira administrator to install apps!

1

In the upper navigation bar, click on the **cog icon** and select **Manage apps** **Find new apps**

2

The Atlassian Marketplace page will be displayed, in the search bar type in **Last Log for Jira**

3

The app will appear on the list, select it, and install it for **free**

4

After a successful installation you can find and access the Last Log features in the left sidebar under the section LAST LOG.

5

The app is ready to use and you're ready to [get started!](#)

If you still have questions, feel free to refer to our [support](#) team.
