

# Install Last Log for Confluence

Install **Last Log for Confluence** directly from your Confluence instance

You need to be a Confluence administrator to install apps!

1

In the upper navigation bar click on your **avatar** and then select **Atlassian Marketplace**

2

The Atlassian Marketplace page will be displayed, in the search bar type **Last Log for Confluence**

3

The app will appear on the list, select it, and install it for **free**

4

After the installation, stay on the Confluence Administration page, on the left-side navigation bar you will find Last Log features under **LAST LOG**

5

The app is ready to use and you're ready to [get started!](#)

If you still have questions, feel free to refer to our [support](#) team.
