

Delete the attachments of an issue 30 days after closing it

On this page

[Configuration](#) | [Scheduled trigger](#) | [JQL Selector](#) | [Boolean condition](#) | [Update field action](#) | [Related use cases](#)

Use case

Create an automation rule that will remove the attachments of all issues that were resolved 30 days ago.

Configuration

1

Create a new rule and name it appropriately.

Providing a description will help you to identify what the rule does but this step is **optional**.

Scheduled trigger

Add a trigger

Select **Scheduled trigger**

2

Schedule

Schedule the trigger **once a day**.

3

Interval

Run the automation at **3:00 am** as it is preferable to make this operation outside of business hours.

JQL Selector

4

Add a Selector

Select **JQL selector**

5

JQL Query

Use the following **expression**:

```
status WAS closed BEFORE -30d
```

Boolean condition

6

Add a Condition

Select **Boolean condition**

7

Expression

Use the following expression:

```
%{selector.issue.attachment} != null
```

Update field action

8

Add an Action

Select **Update field**

9

Field

Select **Attachments (current attachments will be replaced)**

10

Update to

Select **Value returned by parser expression** and fill the field below with an empty string (empty quotations marks "").
